The Direct Restoration of Structurally Compromised Teeth in the Posterior Area
1:00 pm – 5:00 pm
Attendance is limited, separate registration and fees apply.
International Academy for Adhesive Dentistry 2nd Biennial Meeting

**General Information**

The 2nd biennial meeting of the International Academy for Adhesive Dentistry (IAAD) will be held June 16-17, 2017, hosted by Penn Dental Medicine. The IAAD was founded in Philadelphia three years ago during the International Conference on Adhesive Dentistry to advance clinical excellence and the science of adhesion on an international platform.

We’ve gathered some of the most eminent researchers, clinicians, and leaders from around the world to share the most recent, cutting-edge science and to showcase adhesive dentistry and its applications in all areas of clinical esthetic dentistry. Our motto “JUST BOND IT” embraces the focus of this meeting: to
engage dentists around the world in contemporary, less invasive dentistry in strong, yet simple terms.

Poster presentations and a Consensus Conference on the latest developments in adhesive dentistry will supplement the impressive list of speakers on the main podium, and the scientific abstracts and proceedings will be published in a special supplemental issue of the *Journal of Adhesive Dentistry*.

We look forward to seeing you at this exciting event.

Markus B. Blatz, DMD, PhD
*President, IAAD*
*Professor of Restorative Dentistry*
*Chair, Department of Preventive and Restorative Sciences*
